

2010 Mopar Nationals Drag Racing Program

The 2010 Mopar Nationals Drag Racing Program is sponsored by South Oak Dodge, Mancini Racing, Passon Performance, Indy Cylinder Head and Mopar Action. Vehicles must pass NHRA rules for the ET the vehicle runs. Helmets are required for cars running faster than 13.99. If you have any questions on NHRA rules or your vehicle, contact NHRA or NTR at 740-928-5706. All race type entries can compete in one (1) of the classes below. Once a car is entered into a selected class, it must remain in that class, unless it is one of the classes that require qualifying. If the vehicle fails to qualify in that class, it can be entered into one of the other bracket classes. Once a vehicle has been eliminated in a class, they can not enter another class. Only one driver per car, unless two entries have been purchased under one car. The following classes are available along with the tentative payouts. Payouts may be reduced based on the number of entries per class. The Quick 16 class will be divided into 8 door slammers and 8 open wheel cars (if the qualifying numbers are met). Each class will run off against one another until the finals. All classes are bracket style except the FWD class which is heads up. There is an overlap on the Super-Pro and Pro classes based on if the vehicle is running electronics. No electronics are allowed in Pro, Super-Pro allows electronics. As in year's past, we will continue the drag race activities with two main categories. One that competes for money, the other for trophies. Within the money class, there will be seven ET brackets along with two shoot-out classes. Within the trophy competition, there will be one bracket. **Vehicles entered in the Trophy class or Street bracket class, are limited to street tires (DOT approved) & mufflers.**

TENTATIVE DRAG RACE CATEGORIES/PAYOUTS (Payouts pro-rated on # of entries)

<u>Category</u>	<u>Win</u>	<u>R/Up</u>	<u>Semi</u>	<u>1/4</u>	<u>1/8</u>

FAST CLASS RULES: Check out their website www.fastraces.org

Trailer Parking: Trailer Parking allowed for those vehicles that have entered the Bracket/Shoot-Out Style Race classes. **Vehicles racing in the Street bracket or the trophy class are not allowed on-grounds trailer parking.** Leave the trailer at the Motel or in the general parking area. An additional \$25 fee is required for trailer parking if in the Street or Trophy brackets. Note: There is also trailer parking at the Gate H lot in the North East Corner of the track. Open Race Car parking is clearly marked on MAP and must be adhered too.

TECH INSPECTION: All cars that entered into the Drag Racing Program must be TECH inspected. TECH is available on Thursday August 6th from 12 Noon to 5PM. Tech will be open Friday and Saturday from 9AM - 5PM. There will be no TECH inspection on Sunday. TECH is located at the finish line of the quarter mile on the East side of the track, right across from the Duke & Dutchess. Your confirmation package will contain a TECH CARD Ticket that has your name and class you have chosen to run. Please exchange this for your TECH Card at the Gate A Main Entrance. TECH Inspection will handle all the rest. If you fail TECH inspection, refunds will only be paid on remaining days left on ticket(s). All NHRA rules apply.

Camping: There is **NO OVERNIGHT camping or staying on the race track grounds.** There is a campground next to the track that you can stay at. Call for reservations: 740-928-0335.

Window Decal Placement

The *numbered Drag Race* window decal is to be placed on the vehicle being raced. Place on upper left hand side (driver's side) windshield.

If applicable: The **TOW** window decal is to be placed on the tow vehicle for entry/exit of the race track grounds. Place on upper left hand side (driver's side) windshield.

TECH Inspection

Your TECH Ticket in your confirmation package is to be turned in At GATE A for your TECH Card at the entrance gate Use Gate A off US-40 for entry into the track to be TECH inspected. Once Inspected you can use gate A or H. TECH is located at the finish line of the quarter mile on the East side of the track, right across from the Duke & Dutchess.
